

**Choosing the right home care agency can make all the difference.**

Since 1904, BVNA has been a trusted resource and continues to innovate to meet the changing healthcare and lifestyle needs of the many communities we serve.

We are experts in care transitions, helping you regain independence and health after an illness, rehab stay or hospitalization. Our nurses, therapists, and clinical specialists use the latest treatment methods and sophisticated technology to achieve outstanding clinical results.

Maybe, though, you just need some help at home to make life easier or to have a little extra support during a recovery. We offer exceptional personal care, home assistance and transportation services for you and your family. These services are offered through our preferred provider:

Recognized as one of the state's most respected private home care companies, Best of Care has an A+ rating with the Better Business Bureau and works closely with us to provide a high level of care coordination.

We invite you to look at the enclosed guide to help you choose the service or package of services that can best help you achieve your goals.

**Exceptional Healthcare at Home and Personalized Private Duty Services**

# We Can Help You

## Step 1: Determine Your Situation

- Have you had a recent illness, injury, or stay in an acute care rehab facility?
- Do you have a planned surgery?
- Have you had changes in your medications or difficulty managing them?
- Do you have a new diagnosis or difficulty managing a chronic illness?
- Have you had frequent visits to the ER?

If any of these apply, you may benefit from **Home health care from BVNA**

### You May Also Want:

#### Personal care and home assistance from **Best of Care**

Many individuals or families seek additional, non-medical support to supplement in-home healthcare services or on their own in order to make life easier. If you are seeking this help, we offer many choices through our preferred provider– *Best of Care*.

## Step 2: Select the Services You Need

### Home health care from **BVNA**

Ask your doctor or facility case manager/discharge planner to recommend which services you may need.
