Brockton Visiting Nurse Association

Named as a Top Agency in the 2018 ABILITY HomeCare Elite

Brockton, MA, — Brockton Visiting Nurse Association (BVNA) today announced that it has been named a Top Agency of the 2018 HomeCare Elite, a recognition of the top-performing home health agencies in the United States. For 13 years, HomeCare Elite has annually identified the top 25 percent of Medicare-certified agencies and highlighted the top 100 and top 500 agencies overall.

The ranking is developed by ABILITY® Network, a leading information technology company helping providers and payers simplify the administrative and clinical complexities of healthcare. It is sponsored by DecisionHealth, publisher of *Home Health Line* and the *Complete Home Health ICD-10-CM Diagnosis Coding Manual*.

“I would like to congratulate the team at BVNA and thank them for their commitment to providing consistently high-quality care,” said Christine Lang, senior director for ABILITY Network. “During a time of increasing demands on home health professionals’ time and attention, these caregivers and leaders have demonstrated that they have prioritized their patients and created a solid foundation for serving their communities and partnering with other healthcare providers.”

Robert Ford, President of BVNA, credits a strong commitment to patient safety and quality outcomes with the agency’s ability to achieve recognition as one of the HomeCare Elite. “Our patient care and support staff, each through their unique roles, bring a dedication and mission-focus that is evident every day. This has been enhanced by our implementation of Lean principles, which is fostering a culture of continuous

improvement that is helping us to be a high performing organization, that remains true to its mission of caring,” said Ford.

“Congratulations to BVNA from all of the staff at DecisionHealth,” said Marci Geipe, product manager for Decision Health. “Your leadership and staff have placed a premium on the patient care your agency provides as showcased by your quality outcome scores. The entire community benefits from the compassion that your staff shows toward your patients, leading to cost savings for the entire healthcare system.”

HomeCare Elite agencies are determined by an analysis of performance measures in quality outcomes, best practices implementation, patient experience (HHCAHPS), quality improvement and consistency, and financial health. In order to be considered, an agency must be Medicare-certified and have data for at least three outcomes in Home Health Compare. Out of 8,898 agencies considered, 2,223 are recognized on the 2018 HomeCare Elite winners list overall.

The entire list of 2018 HomeCare Elite agencies can be downloaded by visiting the ABILITY Network website at abilitynetwork.com/hce.

About BVNA

Serving Southeastern Massachusetts as an independent, non-profit provider of healthcare services since 1904, the Brockton Visiting Nurse Association (BVNA) has as its mission “to provide innovative and exceptional health care services in the home and in the communities we serve,” as it meets the evolving needs of patients in over 30 communities.
