

Since 1904, BVNA has been a trusted resource and continues to innovate to meet the changing healthcare and lifestyle needs of the many communities we serve.

We are experts in care transitions, helping you regain independence and health after an illness, rehab stay or hospitalization. Our nurses, therapists, and clinical specialists use the latest treatment methods and technology to achieve outstanding clinical results.

We help patients with chronic illnesses manage them successfully, so they can remain at home.

Our palliative care and hospice programs offer enhanced quality-of-life experiences for both patients and their families.

We invite you to look at the enclosed guide to help you choose the services that can best help you achieve your goals.

# We Can Help You

## Step 1: Determine Your Situation

### Have you or someone you care for...

- Had a recent illness, accident, surgery, hospitalization or stay in a rehab facility?
- Made plans for a surgery that will require after-care?
- Had a new diagnosis or trouble managing a chronic illness such as Diabetes, CHF or COPD?
- Had recent falls?
- Had trouble managing medications?
- Had difficulty managing a wound, ostomy or catheter?

If any of the above apply, you may benefit from Home health care from **BVNA Home Healthcare**.

### Have you or someone you care for...

- Had multiple hospitalizations?
- Made frequent visits to the ER?
- Been diagnosed with a life-threatening illness that requires intensive symptom management or end-of-life comfort care?

If any of the above apply, then you might benefit from **BVNA Palliative Care or Hospice Care**.

## Step 2: Select the Services You Need

### Ask your doctor or discharge planner to recommend which services you may need.

- Nursing
- Physical, Occupational, and Speech Therapy
- Social Work
- Chronic Care Management
- Cardiac Program
- Telehealth Program
- Wound Care Program
- COPD Program
- IV Therapy
- Dietician & Nutrition Services
- Home Health Aide Services
- Diabetes Education Program recognized by 
- Oncology Program
- Palliative Care Program
- Hospice Care

## Step 3: Contact Us to Arrange Services

Have your doctor or discharge planner call us to make a referral for health care or hospice care at home.
