

“Almost Home”

A short-stay respite and rehab alternative for patients and families managing a temporary change in care needs.

This program is designed specifically for patients and families who are managing a temporary change in care needs, whether brought about by a recent hospitalization, stay in a rehab facility, or a temporary challenge to independence at home brought on by an illness or injury. We can help.

This unique program offers a safe, supportive and affordable option that enables patients to get the care and services they need to regain independence. Families receive the peace of mind that their loved ones are getting the care they need, even when they can't be there to provide it themselves.

Whether you choose to stay for a day or a month, the care and comfort you receive will help you know that you are “almost home.”

Benefits of the Program

- No minimum number of days.
- Private room and private bathroom.
- 3 home cooked meals/day served in our dining room or your room.
- Nursing and rehab services available on site.
- Medication management assistance as needed.
- Assistance with scheduling transportation for medical appointments.
- Up to one hour per day of personal care.
- Escorts to meals and on-site activities as needed or requested.
- Weekly housekeeping and linen change.
- One load of laundry provided per week.
- Access to attractive common and recreational areas, plus a private courtyard.
- Staff available 24 hours a day/7 days per week.

Who we are:

As a family-owned senior living community, we empower all staff members to make Connemara a friendly, clean, comfortable home for our residents...no matter how long they choose to be with us.
