

Celebration of BVNA's Hospice Program

June 18, 2021 - Brockton VNA and Hospice's June 18th celebration at the Thorny Lea Golf club in Brockton was a huge success and definitely a night to remember!

Our goal was to bring our staff, board members, and supporters together to celebrate how far our Hospice program has come in its growth and celebrate the great team work and supporters that have got us here.

Everyone in attendance had the chance to celebrate the life of Michael (Mike) Bishop who was featured on the cover of the June 17th edition of The Enterprise ([Brockton man, 9/11 NY firefighter in hospice care for cancer \(enterpriseneews.com\)](https://www.enterpriseneews.com)) for a life dedicated to service as a fire fighter, including his service at Ground Zero during the 911 attack that changed our nation.

Mike, a current BVNA Hospice patient, was accompanied by his son and played some classic folk rock while his whole family was in attendance to cheer him on.

Mike was preceded by a special guest performance from our Hospice Medical Director, Charlie Wolff, who was also accompanied by his son Dylan. They impressed the staff and everyone in attendance with a tribute to the blues.

It was a fun time that was sorely needed after dealing with the challenges of COVID for so many months and a great way to bring our BVNA family together in celebration.

We would like to thank all that attended and those who donated time, raffles, and good will.

About BVNA

Serving Southeastern Massachusetts as an independent, non-profit provider of healthcare services in the home setting since 1904, the Brockton Visiting Nurse Association (BVNA) has as its mission "to provide innovative and exceptional health care services in the home and in the communities we serve," as it meets the evolving needs of patients in over 30 communities. BVNA's home health program plays a significant role in population health and leverages its resources to maximize the balance of superior outcomes, exceptional patient experiences and cost-effective care. BVNA's hospice and palliative care programs offer compassionate care to patients facing life-limiting illnesses and enable a complete continuum of care. To learn more about BVNA's services, employment opportunities or ways to support its mission, interested parties can go to www.brocktonvna.org to see why BVNA is *more than you'd expect from home care*.
